WEEKLY REPUBLICAN-1897.  
DAILY PUBLIC LEDGER-1892.

MIGHTY GOOD FOR CORN.

When you get up in the morning from your super-heated couch.  
With a brain all hot and addled and a temper full of grouch;  
When you wander to your office with a dull and fleshy eye.  
Neat a sun that's gayly blazing like a furnace in the sky.  
Oh, it's hot, but don't you mind it, though you're wilit and forlorn;  
It's a little tough for mortals, but it's mighty good for corn.  
When you stagger home to dinner in a blinding glare of heat  
And you smell the burning leather of the shoes beneath your feet;  
When your mouth is full of cotton and your collar's on the run  
And you bake and fry and frizzle like an oyster in the sun.  
Don't cuss about the weather and don't mope about and mourn;  
It's a little breath of Hades, but it's mighty good for corn.  
When you spend the humid evening full of anger and despair,  
Chasing round with cots and pillows after cooling breaths of air;  
When you're hot and damp and sticky and you think with mortal dread  
Of that little hot air oven that surrounds your waiting bed,  
You may contemplate resigning from this torrid earth in scorn.  
But you're foolish if you do it—this is bully for the corn.  
—Council Bluffs Nonpareil.

## POSITIVELY

Copy for "changes" in advertisements MUST be sent in before 2 o'clock on the previous day.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

It would be an excellent idea for our manufacturers to enforce the system in vogue in the East in not employing any one who has not been vaccinated.

The sand storms of the great Sahara Desert were not in it with the dust storm that preceded the rain here last evening about 6 o'clock. It was just awful.

Miss Sudie Argo and Mr. Clayton McCullough were married last afternoon at Ewing. They came immediately to this city, leaving this point for their future home at Marion, Ind.

A new line of Gold Crosses and Bead Neck Chains just received. They are the very latest. We have marked them at prices bound to make them popular.

P. J. MURPHY, the Jeweler.

The first Confederate Flag returned to Kentucky under the act of Congress was received this week by Governor Beckham from the War Department. It is the flag of the Sixth Kentucky, one of the Regiments of the famous "Orphan Brigade," and was left on the battlefield at Chickamauga.

Captain C. M. Phister has secured the steamer M. T. Thornton to displace the dinky that has been doing service here in the absence of the Laurence. The Thornton is a sure enough boat. It will be remembered she cut a channel through the ice in December to take coal barges to Ripley. She will begin business today.

The herd of fancy black cattle lately taken to Chicago by Assignee C. M. Lee, Jr., and O. G. Callahan brought a total of \$5,200, which is much less than the cattle cost. While in the Lake City the cattle were also entered at a stock show and carried off about \$200 in premiums, making in all about \$5,400 for the creditors.

The name of the Rev. Dr. E. L. Powell, Pastor of the First Christian Church, has been suggested as Mayor of Louisville on the City Club's ticket. Dr. Powell, in an interview, says he would not accept the nomination, as he would not give up his church work for the office, but would be willing to serve on a Board in the city administration.

Hon. Henry L. Newell, accompanied by Mr. Robert N. Fryer, wended his way to the placid waters of the Northfork the other day, and for a few hours played the Isaac Walton act. The finny tribe were particularly wise on this occasion and the catch of the two gentlemen did not fill a barrel. It has been forty years since our old typewriter friend has dangled a hook and line, and fishing is no doubt a lost art with him.

Mr. Floyd A. Ferris of Waxahachie, Texas, nephew of Mr. and Mrs. M. W. Coulter of this city, was recently taken by his father to St. Louis and placed in a hospital to be operated on for appendicitis. Shortly following his departure from his Texas home his brother, J. W. Ferris, aged 14 years, was stricken with paralysis. It will be some comfort to their Kentucky friends to learn that the operation performed on Floyd was entirely successful, while the younger brother is improving.

## NEW HOUSES.

There has never been a time when the houses of our city were in better demand by renters than they are at the present. In fact, it is almost impossible to find a desirable house that is not now occupied. This state of affairs should certainly encourage some of our citizens who have capital to build some houses this spring. They can be rented at a price that will yield a good per cent on the investment.

## ANOTHER GUESS

A Well Known Kentucky Writer Has His Dates Slightly Mixed

A well known Kentuckian who writes for the Cincinnati press has recently conveyed to the public the impression that the famous Confederate General, Albert Sidney Johnston, was born in the state of Connecticut and brought by his father to this state in his early youth.

Nothing is more remarkable in this statement than the fact that the gentleman who made it is one of the most accurate and well informed writers for the public press.

If anything is historically true in American history it is that General Albert Sidney Johnston was born and reared in Washington, Mason county, Ky.

This statement is made by Dr. Collins's authoritative history of Kentucky, and if the gentleman who made the mistake requires authority more convincing THE LEDGER refers him to the admirable biography of General Johnston written by his own son, the late William Preston Johnston of New Orleans.

## SAD ACCIDENT

Little Frank Short Drowned Yesterday in Backwater

Yesterday about 4 o'clock Frank, the 10 year-old son of Mr. and Mrs. John T. Short of East Third street, was drowned in the backwater in the rear of Mrs. George T. Hunter's residence. He was paddling about on a frail raft.

He dropped an oar and in his effort to regain it lost his balance and fell into the water.

Although the accident was witnessed by several ladies who live nearby and who gave the alarm, before aid could be rendered he drowned in ten feet of water.

He came up three times before sinking for the last time.

His body was recovered in about forty minutes after the accident a few feet from shore and was tenderly borne to the saddened home only a short distance away.

Frank was an exceedingly bright and manly little fellow, popular with his playmates and a general favorite with all who knew him.

The bereaved parents have the heartfelt sympathy of the community in their great affliction and sad bereavement.

"Hooligan's Troubles" plays Saturday, matinee and night, at Huntington.

Hon. Waller Sharp of Sharpsburg has announced as a Democratic candidate for Representative from the Bath-Rowan District.

The report of State Inspector Hines on the books of Sheriff Potter of McCracken county shows the latter official to be due the state, the county of McCracken and the individual taxpayers of McCracken the sum of \$3,497.62 for the years 1903 and 1904. This discrepancy, which the Sheriff says he will pay at once, is due to collections of taxes on property which he listed and did not report upon. A large part of the property listed by him is exempt from taxation.

## Our Formal Opening of Paris and New York Hats

On Thursday, Friday, Saturday In Our New Millinery Saloon, Market Street Annex.

A complete revolution of styles marks the advent of dozens of Paris hats. Not in years, not since the early days of our mothers, have styles taken so sudden a plunge into utterly changed fashions. It is as though we had slumbered since the sixties and awakened now to find ourselves again in the sixties. Hats are simple, fascinating, not much trimmed, not loaded down with much gew-gaws; trimmings are mostly flowers, so real that they seem to have just been gathered. But the CHARM of the hat really lies in the TILT and ANGLE at which it is worn. This tilt gives the woman that sort of "venez-voi," fascinating, bewitching air that, whether they confess it or not, the feminine gender likes to have. WE BOUGHT AN ENTIRE LINE OF PARIS HATS, the Real Things, besides many hundred New York models. We also purchased nearly 1,000 beautiful flowers for trimming at less than half price; also, over 300 Baby Caps at a great sacrifice.

The Iron Age with seventeen boats and three barges, and the Valiant with twelve boats and five barges have left Pittsburgh. This makes about 6,000,000 bushels of coal that has left on the present rise.

The J. B. Williams, with her big tow, has passed Louisville en route to New Orleans. It would take more than 400 freight cars to carry the coal being transported in the tow. Some idea of this immense shipment to the South may be gained when it is realized that the Williams will be conveying about 130,000 tons of coal to the Southern market on this trip. The average freight car will carry thirty tons of coal.

The Otto Marmet is coming with a number of wrecks and empties gathered up in the Kentucky river, to be delivered at the Kanawha.

The average freight car will carry thirty tons of coal.

The Otto Marmet is coming with a number of wrecks and empties gathered up in the Kentucky river, to be delivered at the Kanawha.

Captain John L. Vance, of the Ohio River Improvement Association, is at Pittsburgh completing arrangements for the trip of the Rivers and Harbors Committee to Cairo.

The Iron Age with seventeen boats and three barges, and the Valiant with twelve boats and five barges have left Pittsburgh. This makes about 6,000,000 bushels of coal that has left on the present rise.

The J. B. Williams, with her big tow, has passed Louisville en route to New Orleans. It would take more than 400 freight cars to carry the coal being transported in the tow. Some idea of this immense shipment to the South may be gained when it is realized that the Williams will be conveying about 130,000 tons of coal to the Southern market on this trip. The average freight car will carry thirty tons of coal.

**DON'T BE SATISFIED.**

Why Be Content With Relief From Backache When a Maysville Woman Shows You the Cure?

Don't be satisfied with relief. Brief freedom from backache. Reach the root of the trouble. Cure the cause, and backache disappears for good.

It can be done.

Doan's Kidney Pills make lasting cures. Experiences of Maysville people prove this. Here's one Maysville case of it.

Mrs. Lizzie Bridges, wife of Elmer Bridges, of 206 West Third street, Maysville, Ky., says: "In March, 1900, I gave a testiment of praising and recommending Doan's Kidney Pills and in it I told how I learned the great value of this remedy. I had been troubled with a bad back and weak kidneys from girlhood, and in my efforts to find a cure I tried every medicine I could find but without benefit until I began using Doan's Kidney Pills, procured at J. Jas. Wood & Son's Druggists. They proved just the remedy I needed, went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
